Introduction

The Ministry of Tourism is responsible for regulating, developing, and promoting the tourism sector in KSA, as well as enhancing its role and overcoming obstacles to growth in accordance with the Kingdom's status and values. The Ministry also aims to develop the tourism industry through integrated tourism programs and activities that will meet all tourists needs during their trip. The Ministry strives to encourage and stimulate the private sector to play an important role in the development and establishment of investment tourism facilities

Dear investor, we have developed this guide with the goal of defining the procedures for obtaining licensing and classification services for an activity related to a tourism accommodation facility via the Ministry of Tourism's electronic platform for tourism activities, as well as the conditions and requirements required for each of them, based on the Tourism Law and the Tourism Accommodation Facility Regulations.

1-4 License issuance:

The license will be issued by the Ministry upon receipt of payment, and it will be valid for a period of (3) renewable years. The licensee can print out the license through the TLG portal (there is no service for issuing a replacement license).

- The license must be made known inside the tourism accommodation facility by being prominently displayed in areas that are open to the public, such as the reception area, or the entrance to the tourism accommodation facility.

- Provide a communication channel with the manager in charge of the tourism accommodation facility and display the Ministry's communication channels in the reception area.
- The license document is only issued to the licensed operator, and the latter is not permitted to allow another operator to operate the building or use the license without the Ministry's approval (license ownership transfer procedure).
- When promoting the tourism accommodation facility, whether through signs, publications, or online reservation systems, the licensee is required to use the trade name listed in the license.

Visit the Ministry's website at www.mt.gov.sa to view additional operation-related obligations, as well as the Tourism Accommodation Facility Regulations in the chapter on the licensee's obligations

Second: Classification issuance

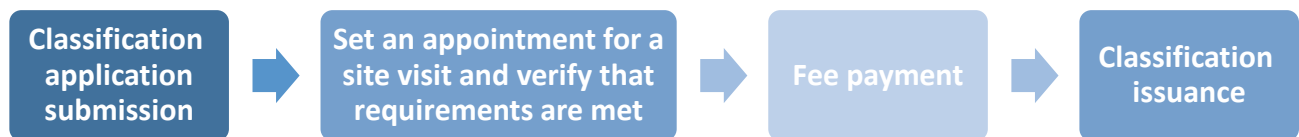

Service description

The procedures listed below must be followed when the licensee wants to classify the tourism accommodation facility within (180) days of the license grant, in accordance with the requested classification/grade:

Service duration

5 business days

Classification issuance - Service journey:

2-1 Classification application submission:

Visit the TLG portal and make sure you meet the following conditions and requirements:

1. Applicants must fill out the tourism accommodation classification application form with the required data.
2. The tourism accommodation facility must meet the classification requirements.
3. Before applying for the service, the licensee must ensure that all services are available in accordance with the requested classification. The classification criteria can be found on [the Ministry of Tourism's website | Saudi Arabia | Tourism Licenses \(mt.gov.sa\)](https://mt.gov.sa).
4. When the licensee chooses a specialized classification (boutique hotels - recovery hotels - 6-star category), the hotel classification criteria are applied first, followed by the specialized classification criteria.

2-2 Set an appointment for a site visit and verify that requirements are met:

The Ministry will verify that the applicant has met the requirements and set a date for a site visit to the tourism accommodation facility within (3) working days of the application's approval, as follows:

- 1- If there are any observations made during the site visit and the (180) day period has not expired, the following procedures must be followed:
 - The observations will be communicated to the license applicant, who will then have (30) working days from the notification date to address them.
 - If the observations are addressed before the expiration of the (30) day period, the licensee must notify the Ministry via the TLG portal and request that an appointment be set for a second visit that will take place within three (3) working days.

2- If it is discovered during the second visit that the observations have not been addressed or that the (180)-day deadline has passed, the licensee must be informed that it has one of the following options:

- A. The classification/rating due is granted based on the report of the last visit, provided that the investor accepts the result and pays the financial fee.
- B. The lower classification/rating on which the license grant was based.

2-3 Fee payment:

- Applicants will be informed of the financial fees (via the TLG portal) and will have up to (30) days to pay after receiving the notification. If payment is not received before the deadline, the application for a license will be canceled and the applicant will be notified.
- The value of the classification fee shall be determined according to the classification of the tourism accommodation facility specified in the application for classification issuance, as shown in the tables below:
